

Environmental Policy

We consider environmental factors an important and inseparable part of our business. We run our business responsibly, endeavour to reduce our negative environmental impact, and are committed to the continuous improvement of our environmental performance.

The Principles of FORCIT's Environmental Policy

- We fulfil the requirements set by legislation, regulations and permissions.
- We minimise our emissions.
- We use energy and natural resources efficiently and sustainably. We recycle diligently and minimise the amount of waste.
- We have recognised the environmental risks of our activity and we monitor and control them constantly.
- Our personnel understand their responsibility and the significance of their actions in the context of the company's environmental policy.
- We report to our interest groups regularly.
